Sir,

When the Hon'ble Minister of Health visited Koratagere I requested the Maternity Ward he was pleased to observe that a compound around the ward was absolutely necessary to ensure Privacy. The District Board President also stated that the quota of the District Board was set apart & that it was only the quota of the municipality that has not been made good and the delay is a result of the deeches on the part of the municipality.

May I kindly be permitted to bring it to your kind notice that a compound is very very necessary in case the ward is to be of any use to the public where there is Labour case undergoing. Pains inside crowds of
